### A GUIDE TO THE STATISTICS:

The player statistics in this album refer to Premier League appearances only and therefore do not include appearances in cup or other competitions. All player and team statistics are correct up until October 2nd 2017. Player positions, personal information and statistics are from the official Premier League website.

### EDITOR'S NOTE:

The final date for compiling this album was 31st October 2017. All reasonable efforts were made to ensure that the data was accurate at that time. Player transfers and managerial changes were of course beyond our control. The statistics contained in this album are © Topps Europe Limited and may not be reproduced in whole or in part without written permission. All rights reserved. Visit [toppsfootball.com](http://toppsfootball.com) for more information.

I am very happy to introduce the 25th edition of Merlin's Official Premier League Sticker Collection from Topps. It's a great honour to play in the league and feature among all the talented players who have been part of the sticker collection since the first edition in 1994.

The Premier League has an incredible history and a reputation for being the most entertaining and competitive league in the world. With so many world-class players, like Harry Kane, Paul Pogba, and Eden Hazard, and some of the biggest clubs in world football supported by fantastic and passionate fans, it is a great place for me to play and I look forward to every game.

This season is already an exciting one. My team, Manchester City, are working hard to win our third Premier League title, but it won't be easy with the strong competition we face every week. From the current champions Chelsea, to Liverpool, Manchester United, Tottenham Hotspur and also the newly-promoted teams, Brighton, Huddersfield, and Newcastle United, every fixture is going to be a real test. One thing's for sure, there is going to be lots for all of the fans to cheer about.

With so much to look forward to, the 25th edition of the official Premier League sticker collection is a great way to follow the league. I hope you enjoy collecting all of the stickers and watching all the action in the world's most exciting football league.
